ALEX SHARMA

Python Developer | Machine Learning Enthusiast

PROFILE

Computer Science graduate with experience in Python programming, SQL, machine learning and data analysis. Interested in building intelligent software applications and data-driven solutions.

SKILLS

Python, SQL, Machine Learning, Pandas, NumPy, Statistics, Scikit-learn, Data Analysis, Git, HTML, CSS

EDUCATION

Bachelor of Technology in Computer Science and Engineering
ABC Institute of Technology | 2022 - 2026

PROJECTS

House Price Prediction
Built a machine learning model using Python, Pandas, NumPy and Scikit-learn to predict house prices from historical data.

Customer Data Analysis
Performed data cleaning and exploratory analysis using Python, Pandas, SQL and statistical techniques.

EXPERIENCE

Machine Learning Intern — Tech Solutions
Worked with Python and SQL to prepare datasets, perform data analysis and support machine learning experiments.

CERTIFICATIONS

Python Programming | Machine Learning Fundamentals | SQL
